

FRISCO SYSTEM

Plane Air Line From Fort Worth to Brownsville.

San Antonio, Texas, July 4.—According to a statement made by A. T. Perkins, vice president of the St. Louis, Brownsville and Mexico railroad, the Frisco system may in the near future build an air line from Fort Worth to Brownsville, via San Antonio. Engineers now in the field are said to have mapped out the route of the new line as follows: Fort Worth, Brady, Menardville, Kerrville, San Antonio, Pleasanton, Oakville, Alice, Kingsville and Brownsville. Part of the line north of this city is now building, grading crews being in the field between Menardville and Brady.

The Frisco system occupies a very strategic position among Texas railroads as it is, and a line such as now proposed would give it the cream of all business in Southwest Texas the territory to be tapped and traversed by it being one of the richest on the continent.

Card From Hon. C. C. Stokes To the People of Anderson County: I am a candidate for congress, and I am going among you to make some speeches and to tell you what I stand for.

I will not go to you with beautiful words, but I have some things to say that I believe will help you if followed out or forged into law. What I stand for is either right or wrong. If what I stand for is right, then what my opponents, Mr. Gregg and Judge Stevens, stand for is wrong. I want you to vote only for the man who stands for something that will help you. If I am right I want your support; if I am wrong I do not. It makes no differ-

ence in what county you live, the time has come when you must begin to vote for men, not because they have a jolly smile and a happy hand-shake, but because they stand for something that will benefit you. I have stated this publicly to the people of my home county, and I have asked that county lines fall and that men vote for those who stand for that which will help the voter and not the man voted for.

It is my purpose to speak in Anderson county at the following times and places, and my opponents are respectfully invited to come:

Blackfoot, July 15, 2:00 p. m.
Elkhart, July 16, 2:00 p. m.
Brushy Creek, July 18, 2:00 p. m.

Very respectfully,
C. C. STOKES.

Married Sunday Morning.
Sunday at the Centenary Methodist church parsonage Mr. Marvin Morris and Miss Alma Machen were united in marriage, and left for a trip to Alvin and Galveston. Rev. James Kilgore performed the ceremony. The bride is a sister to Mrs. D. G. Dunk, while the groom is a well-known and generally liked Palestine man.

The Herald joins their many friends in extending congratulations and best wishes.

Attention, Pythian sisters.
The regular monthly meeting of Iwawood Temple, No. 53, will be held tomorrow (Wednesday) night at 8 o'clock. There will be an initiation. The drill team are urged to be present. All members come out.

Bay Frontage

Not For Sale
at Any Price

Was what a leading property owner at LaPorte told a member of this company last week altho he owns over a half mile of it. He knows that within five years he will get \$100.00 per front foot and a little later possibly \$200.00 per front foot.

Just at present, you can buy the very cream of the SAN LEON bay front lots at \$10.00 to \$25.00 per front foot, and we agree to put a shelled street, a cement curb and gutter, a broad cement sidewalk and a water-pipe down in front of the lot without further cost to you. You can not equal it in America.

These prices will not remain in force more than ninety days from this date, possibly not over thirty. Just as soon as the work starts on the connecting street car line, the price will be raised to something near the value of the property.

Within five years from today not a building site on the bay front will be available at less than \$100 per front foot. That is as certain as the rising sun each morning.

Within six month, every human being in the United States who reads the newspapers will know about SAN LEON. SAN LEON is equally as desirable in winter as either Florida or California. Thousands of people will erect winter homes at SAN LEON within the next five years. Hundreds of Texas' leading citizens will erect summer homes at SAN LEON within the next five years. It is safe to say that SAN LEON will have 5000 population within five years and every lot in the town site will be worth from two to five times the present prices. You can not go wrong at SAN LEON.

The population of Houston is approximately 105,000. The desirable bay front from Morgan's Point to the Southern edge of SAN LEON is about fifteen miles. This entire fifteen miles will only make 1500 fifty-foot residence lots, so YOU have just one chance in seventy to secure a home site on the bay front, even if each buyer only utilized FIFTY-FOOT FRONT.

Instead of this, many of these bay front home buyers will purchase from 100 to 500 feet frontage, and, besides that, much of the bay frontage will be held off the market for many years yet. Taking everything into consideration, it is perfectly safe to say that less than 600 people will be able to secure home sites on the bay front, all the way from Morgan's Point to and including SAN LEON.

The transportation facilities of SAN LEON will, within a year, excel those of any other resort site on the entire Gulf Coast. The Houston Ship Channel runs by SAN LEON, only a little more than one mile out in the bay. Pleasure crafts and barges may now come directly to SAN LEON. Dickinson bay is a land-locked harbor for boats and barges. The Southern Pacific Railroad now passes through SAN LEON property and a motor car line will soon connect the SAN LEON station and the beach. Furthermore a rail connection will be made with the Houston-Galveston Electric Line and a shell road will be constructed to connect with the Houston-Galveston air line shell road as soon as that is completed. Therefore, as above stated, SAN LEON will, within a year, have transportation facilities unequalled in the resorts of the South.

We have sold a number of Palestine people choice lots. Get yours before the best ones are gone. Phone our representative to come and bring map showing size, location and price of each lot.

NOTES OF SPORT.

The record for home runs in one season is held by "Buck" Freeman, now playing in the New York State League. In 1899, with the Washington team, Freeman made 25 four-sackers.

In the "Pygmies," Waterloo, Ia., claims the heaviest baseball team on earth. Four thousand eight hundred and twenty-seven pounds of baseball material distributed among nine men is some heavy.

Charlie Doolin drew a prize when he copped Eddie Stack for the Phillies.

Outfielder Noah Henline of the Buffalo team looks good to several big league clubs.

The New York Americans have recently signed McClure and Jube, two Amherst players.

Engle and Kleinow, the ex-Highlanders, are doing good work with the Boston Red Sox, while Wolter, formerly of the Red Sox, is a bear with the Highlanders.

The relatives of a Detroit man had him placed in the dippy-batch the other day because he bet his house and lot that the Browns would cop the pennant.

Pitcher Jones of the Montrose, Colo., team struck out 27 men in a recent game at home. How would Fred Lake or Jack O'Connor like to have a pitcher who could do this stunt?

Bill Coughlin, the old Detroit player now managing the Williamsport Tri-State League club, is suffering from a broken arm due to a collision at third base in a recent game with

Outfielder Crompton of the Johnstown team.

The hottest political josh that has been pulled for some time was put over recently by the Philadelphia North American, when that newspaper started a boom for "Rube" Waddell's nomination for lieutenant governor of Pennsylvania. Pictures and boosts for the Reuben on the first page of the N. A. had the Grand Old Party's goat for several days before the republican state convention.

The Woodman Picnic.
The Woodman picnic at Spring Park yesterday was an unqualified success, and every one enjoyed the day to the fullest. The program was carried out as advertised, with few variations, and no accident occurred to mar the pleasure of the day, except the rain that came up in the afternoon, driving the crowd to cover.
It was a great big jolly crowd out for a good time and they had it.

Called to Pastorate
Rev. Dr. Schomberg has been called to the pastorate of Temple Beth Israel, and takes up his duties on Sept. 1. He comes from Jonesboro, Ark., and is here now to officiate at the Dreyfus-Segal wedding tomorrow night. The congregation is to be congratulated on securing the services of a man who comes to us with highest recommendations, etc.

\$50 Reward
for any case of Kidney, Bladder or Rheumatic troubles Hall's Texas Wonder cannot cure if taken in time and given a fair trial. One bottle often perfects a cure. Send for testimonials. Dr. E. W. Hall, 2926 Olive street, St. Louis, Mo. Sold by Drug-gists.
